

November 10, 2023

Good morning I.S 201! It's Joanna from class 851 and I will be with you for our S.E.A.L Summaries this year on behalf of the S.E.A.L Team.

Tomorrow, November 11th, is Veterans Day, and a lot of us are wearing our red, white, and blue for our veteran day's color war. On the American flag, red symbolizes hardiness and courage, white symbolizes purity and innocence, and blue represents vigilance, perseverance, and justice.

Veterans Day thanks and honors all our military veterans who served honorably in the military. These American veterans may have fought in different wars, but they all have similar traits that bind them as one and define them as the military veterans that they are. They are loyal, dutiful, respectful, integrous, courageous, and selfless, which are perfect examples of traits that we should strive to have.

Veterans Day is also a reminder of all the sacrifices that our veterans made for our country. As we go along in life, we'll sooner or later learn that sacrifices are important and sometimes essential. Even though we may not

know it at that moment, making the necessary sacrifices will be crucial to achieve our goals.

Thanks for listening and have a Fighting for Freedom Friday

Today's affirmation of the day is:

"I understand that everyone has their own uniqueness."

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
