

February 8, 2023

Good morning! It's Sophia from 731 and I'm here this Words of Wisdom on behalf of the S.E.A.L Team.

Did you know today is Safer Internet Day? The goal of today is to make the internet a better and safer place for everyone, but especially for children and teens.

One of the most significant tools for people to easily obtain information, keep in touch with loved ones, and carry out countless tasks is the internet. However, if we are not cautious, the internet can be a dangerous tool. Online predators, posting personal information, and hackers trying to fool us for information are just a few of the issues we must be aware of.

Here are some tips to keep safe on the internet. Never share or trade personal photos. Never disclose private information such as your address, phone number, or the name or location of your school. Only utilize a screen name and never share your password. And most importantly, never agree to meet in person with anyone you met online without parental permission and/or supervision.

Thanks for listening have a World Wide Web Wednesday 😊

SEAL Team pledge:

We are the Dyker S.E.A.L. Team

Positivity is our dream

We teach it every day

To help others live the optimistic way

We learn to control our emotions and feelings

So, we always have effective social dealings

No stone left unturned; no person left behind

Every member of our team has the power to be kind

We spread kindness to our friends, families, and those who need a smile

When facing hardships and adversity, the S.E.A.L. Team goes the extra mile
