Rise and shine, I.S.201! This is William Chen from class 752 speaking to you for today's Motivational Monday on behalf of the S.E.A.L Team.

This week is National Education Week! During this week, we celebrate the significance of education. Education is very important and crucial in our lives because learning and being educated on different topics can help us achieve many things in our lives. This day is also significant to us as we are all learners throughout our lives no matter how old we are and no matter how much we already know.

As Nelson Mandela once said, "Education is the most powerful weapon which you can use to change the world." So, take today as a reminder to keep your head up and try your best in your studies especially as students; be grateful for your teachers that help educate you in our school environment and acknowledge anyone else that has helped you become who you are today.

Thanks for listening and have a Make it Matter: Every Lesson Counts
Monday 😊
