

October 16, 2025

Good Morning I.S.201! My name is Riley from class 731, and I am here this Thoughtful Thursday on behalf of the S.E.A.L Team.

Today is October 16, and we're celebrating National Dictionary Day! This day reminds us how important words are and how much power they have. Every new word we learn helps us grow smarter, express our thoughts more clearly, and understand the world around us a little better.

Take a moment today to look up a new word, maybe one you've heard but never used before and try it out in class or with a friend. Learning new words builds confidence and helps us communicate with kindness and creativity. Let's make today a great day for learning and sharing new words!

Like Eleanor Roosevelt, today's affirmation is: *"I believe that one person can make a difference."*

Thank you for listening and have a Try a New Term Thursday 😊

Don't forget to turn in your key of success we only have 30 out of 60. It only takes 5 minutes out of your day to complete.
